Dr. Miles O. Smiles
Dentaltown Junior
1310 Gonzo Avenue
Appletown, WI 54900

Dear Dr. Smiles,

Subject: Dental novelties, smile makers for children.

Congratulations on opening a new clinic. We know you are hoping everything you need to run the clinic as soon as possible before the construction is finished. However, there is one thing you should not rush to make good memories for children. We believe that JHAL will help implement it.

As you know, dentistry is a scary and painful place for children. Although we believe in your quality of care without a doubt, I think you should provide friendly services to reduce the fear of children visiting your clinic. We expect that giving novelties to children after treatment will leave them with great memories and help ease the fear of the dental clinic.

JHAL Trader Company is offering gifts of the best quality at reasonable price points for your choice. Our company has been shipping plenty of toys to customers for 40 years. We are confident to say that not only forty years of history is a different element from other companies, also this background has fostered our perception of what kinds of gifts our children and parents really want. JHAL provides safe and quality items for children to use, such as dental hygiene take-home bags, sand timers, and plush toys, and you will also be satisfied with this.

We do not want you to spend your precious time thinking about when, where, and what kinds of toys to give your children. We want to ease your burden by leaving that time to us. Using JHAL Trader Company's professional skills and eyes, you will be able to focus on providing the best care for your children. We would like to show you our samples to determine if our products meet your standards. We would like to show you our samples to determine if our products meet your standards. Please call me at 201-907-270, if we can talk more about the offer for 30-minute on August 15th.

Sincerely,

Dongjune Kim
